The Yes/No Game. You need two players and you need to make a series of cards which have different numbers on them. Each player puts a number card on their head and takes it in turns to ask the other player a question which can only be answered with 'yes' or 'no' (E.g. Is my number odd, is it even, is it less than 10?...)
The winner is the first player to guess the number on their own head correctly with the fewest questions.

Spelling

How many different 3 letter words can you make using these sounds?

f e l h sh r j v o i a u ch

Write the words you can make in your home learning jotter.

Reading

Search for Ruth Miskin Training on YouTube. Every morning at 9:30am there is a speed sounds lesson which you can take part in to help you practise your reading.

Depending on the outdoor space you may have at home, can you go on a nature scavenger hunt? Note down or take photos of the following:

- How many different plants can you see?
- How many different birds can you spot?
- How many different insects can you find?

Health and Wellbeing

It has been a while since you last saw your friends. Why don't you make one of your friends a card to show them how much they mean to you? Keep this card for the next time you see them. I'm sure it will be a lovely treat!

Art

Could you make your very own dreamcatcher? Follow the video link below for step by step instructions and materials needed to make one. Take a photo of your dreamcatcher and post it on Twitter!
