

Primary 6
Home Learning Grid – Week 6

Please keep checking our Twitter Feed for more learning ideas and activities. Feel free to send us photos of your learning to @densroadps, we'd love to see you!

Spelling

Logon at www.sumdog.com and access this weeks spelling challenge. Let me know how you got on and what was tricky through Teams.

Sumdog

Go to www.sumdog.com and take part in the term 4 week 4 maths competition. Let's see who finishes at the top of the leaderboard this week.

Writing

"I had no idea where I was or how I got here but all I could see was light coming from a small door at the bottom of the huge tree. When I opened it I saw..."

Copy the story starter and add your own adventure or description of the setting.

Reading

Choose your favourite book or a book you want to read and complete the scavenger hunt. You can also use a book from EPIC.

Novel Scavenger Hunt.pdf

PE – Gym

Join Joe Wicks at 9.00am for a 30-minute P.E lesson.

<https://www.youtube.com/user/thebodycoach1>

or

Set up your own fitness circuit in your house or back garden using any resources you have available. Try to complete each station. Why not record a video?

Listening and Talking

Have you ever wanted to be a sports commentator? Take a look at how one reporter has used his skills to commentate on things happening at home. Then why not try it for yourself.

Word Games

Choose one of the games from the ideas provided and have some fun while learning.

Word games for families.pdf

Maths Mystery

Can you use your maths skills to solve the mystery and become the best detective in town? If you are not sure how to solve a clue then just ask.

Maths Mystery 1.pdf

Health and Wellbeing

At these difficult times being setting goals, being kind and grateful for others is very important. Complete the attached activity and share your thoughts and ideas.

HWB-Goals, Kindness and Gratef

Personal Project

Rainbows are everywhere we go at the moment. These are known as a natural phenomena. I would like you to choose and research another kind of phenomena from the list, share it with me and get researching.

Tsunamis, Earthquakes, Geysers, Supernovas, Tornados, Volcanic Eruptions or Solar Eclipse.

ICT

You should now have access to a notebook page in teams where you can share your learning in a collaborative space or in your own personal space.

Go and find it and then find the task in the shared, collaborative space to add your ideas and suggestions to.
