

Primary 6 Home Learning Grid – Week 8

Please keep checking our Twitter Feed for more learning ideas and activities.
Feel free to send us photos of your learning to @densroadps, we'd love to see you!

Spelling

Log onto teams where there will be assignments for spelling for each of the groups to be completed by the end of this week.

Sumdog

Go to www.sumdog.com and take part in our class challenge.

Writing

Go to www.pobble365.com and complete the different writing activities for one of the pages. You can also access pobble365 from the virtual classroom.

Reading

Get onto EPIC and see if there are any books about famous Victorians or about life in the Victorian era. Find your top 5 things from the books you read and share these on the Teams page or write them in your jotter and take a photo of what you have written.

PE – Gym

Join Joe Wicks at 9.00am for a 30-minute P.E lesson.
<https://www.youtube.com/user/thebodycoach1>

or

Why not create your own sports day ideas and events and then try them out.

Music – Create a Playlist

Make your own HAPPY playlist by choosing 10 songs that lift your mood and make you smile. Share your list on Teams for others to try out.

Word Games

Choose one of the games from the ideas provided and have some fun while learning.

Word games for families.pdf

Maths – Money Monday RBS

Visit the Royal Bank of Scotland website for lots of fun interactive games and videos about money.

BBC Bitesize Live Lessons

While there are no BBC Bitesize live lessons this week you can choose your own learning on their website. Just follow the link below and click on one of the categories.

<https://www.bbc.co.uk/bitesize/levels/zr48q6f>

METACOGNITION

Think about yourself and what it has been like to be a learner at home during the lockdown. Now use this to create your own Meta-Marvel superheroes. Draw them and write about each one of them and their metacognition superpowers.

ICT

Go onto Teams and find the conversation called "LEARNING IDEAS". You must then add some ideas of things that you feel you might need to improve between now and the Summer. These ideas will help fill up the next few grids.
