

Primary 6
Home Learning Grid – Week 9

Please keep checking our Twitter Feed for more learning ideas and activities.
Feel free to send us photos of your learning to @densroadps, we'd love to see you!

Spelling

Log onto teams where there will be assignments for spelling for your spelling group. Complete any activities for units 8 and 9 by the end of this week.

Sumdog

Go to www.sumdog.com and take part in our class challenge.

Writing

Click on the link below to open up the writing activities for "Gravity". Complete as many of the activities as you can and remember to share them. Visit www.pobble365.com for different ideas if you want something different.

240_gravity.pdf

Reading

Now that you are allowed out a bit more and the weather is better (hopefully!) get yourself outside with a book and enjoy reading in the sunshine. Take a photograph of yourself reading and send it to me.

(If the weather isn't so nice, log on to EPIC reading and get comfy indoors with a computer or a device.)

PE – Gym

Join Joe Wicks at 9.00am for a 30-minute P.E lesson.
<https://www.youtube.com/user/thebodycoach1>

or

Why not create your own sports day ideas and events and then try them out.

Angles

Take a look in your garden or another outdoor space and look for different angles. Write down any acute, obtuse or right angles that you find. You can take photos too if you want!

Why not make your own angle finder to help you?

Digital Art

Ask someone to take a photo of you learning, helping out at home, relaxing or doing something that makes you happy. You can take a normal photo or use a filter or special effect if you wish.

E-mail the photo to me at:

ddgrobertson453@glow.sch.uk

The Ickabog

Visit the general channel on our teams page and follow the link to read some of the chapters from the JK Rowling story "The Ickabog". Why not take a video of yourself reading some of the book and share it with me or visit <https://theickabogcompetition.com/> to take part in the illustration competition.

BBC Bitesize Live Lessons

Tune in on Thursday for the BBC Bitesize live French lesson on school, hobbies and culture. Feel free to watch any of the other live lessons found on the schedule below.

bbc bitesize 1st June.JPG

METACOGNITION

Think about yourself and what it has been like to be a learner at home during the lockdown. Now use this to create your own Meta-Marvel superheroes.

1. Draw them and write about each one of them and their metacognition superpowers.
2. Make a comic book strip for one or more of the meta marvels.

ICT - Teams

Have a look on Teams and find the new channel called Social Space. Send a positive message to everyone else in the class that will raise spirits and make people smile.
